

I was horrified when I read about Sinclair's decision to force it's channels to run an Anti-Kerry film. As a member of the public I feel that it is an abuse of my airwaves to promote a personal, biased, political agenda. Especially after stations opted to block the reading of the names of deceased soldiers.

This is clear abuse of the airwaves we have given them to use in our public interest. Unless Sinclair also runs an Anti-Bush or a Pro-Kerry film soon after this proposed airing, I feel that this must be stopped. When large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. Stop conglomeration and big media rule and give some power back to the people in the community. Thank you.
